

Planer Side Head Retrofit System

- Direct replacement for L and LV knives
- Easy to setup and maintain
- No knife grinding

HOLDER

- Knife holder available in both L and LV configurations.
- Manufactured from chipper steel for strength, durability and wear resistance.
- Simplified design for ease of use/maintenance. Holders are setup once, and remain fixed in side head for knife changes.

Actual size

DISPOSABLE KNIFE

- Knife life 2 x longer than conventional knives (minimum).
- Eliminates grinding, and all associated costs.
- Quick and easy knife change.
- Knife available in standard dry and green target sizes. Available radius sizes: 1/8", 3/16", 1/4"
- Knife can be jointed.
